

Waterloo Wellington Integrated Wound Care Program - Key Messages:

Our Mission: To develop a comprehensive and consistent approach to wound care, built on best practice guidelines, pathways and tools, that will further the shared goals of decreasing the prevalence of avoidable wounds, and improve on the care of all wounds across the continuum in the Waterloo Wellington LHIN.

- ❖ The Integrated Wound Care Council convened in January 2014
- ❖ The Clinical Practice and Knowledge Translation Collaborative [a.k.a., clinical working group] reconvened on April 2nd, 2015
- ❖ A LHIN-wide performance measurement system (i.e., regional dashboard) is in-progress
- ❖ Key priorities for the Integrated Wound Care Council include:
 - ❖ providing definition around system-level strategy
 - ❖ examining relevant statistics and data
 - ❖ considering opportunities for improvement (e.g., amputation rates) within the Waterloo Wellington LHIN.
- ❖ Volunteers are welcomed to represent the long-term care and primary care sectors on the Wound Care Council; please contact Andrea Martin at (519) 823-2550 x 2302 or Andrea.Martin@ww.ccac-ont.ca
- ❖ Volunteers are welcomed to represent the long-term care and primary care sectors on a working group for the LHIN-wide performance measurement system; please contact Tammy Bell at (519) 883-5500 x 5161 or Tammy.Bell@ww.ccac-ont.ca

Please feel free to contact me if you have any questions. Thank-you.

Sincerely,

Tammy Bell
